What is the Grange?

The Grange is a family organization, dedicated to improving the American way of life through community service, education and legislation.

In 1867 the National Grange became the first nationwide fraternal farm organization. It is the first national organization to give full voice and vote to women.

Each year, Grange policies affect local, state and national legislation. The development of Grange policy starts at the local level, making us truly a grassroots organization.

Pennsylvania has nearly 10,000 members in 250 local Granges. Our membership is made up of people of all ages and from all walks of life. We are an organization focused on the future of America and working to preserve that future.

The Pennsylvania State Grange supports the local Granges to help members grow as individuals, unify their communities and create opportunity through legislation and service.

Brochures are available with more information about Junior, Youth and Family membership; or visit www.pagrangle.org for more information.
