1 **Resolution #7 – Expediting Agriculture DEP Permitting**

3
4 **WHEREAS**, agriculture permitting has become cumbersome, very expensive,

1 **Resolution #8 – Eminent Domain and Farmland Preservation**
2 **Agriculture & Environmental Issues Committee**

3
4 **WHEREAS**, Pennsylvania is the Nation’s leader in preserving farmland with well
5 over one-half million farm acres protected; and

6 **WHEREAS**, this success is compromised when pipeline construction, power line
7 or other construction is permitted in protected farmland areas through eminent
8 domain; and

9 **WHEREAS**, the interest of farmland preservation is virtually ignored by eminent
10 domain projects and development which may be targeting farmland with
11 purpose; and

12 **WHEREAS**, the eminent domain is designed to serve a public purpose and not to
13 further narrow corporate interests; and

14 **WHEREAS**, such construction and projects hurt farmer property owners due to
15 property seizure, environmental affects and hardened soil which makes it difficult
16 to farm, thus hurting the preserved farm’s ability to continue being viable.

17 Therefore, be it

18
19 **RESOLVED**, that the Pennsylvania State Grange advocate prohibition of natural
20 gas pipeline, power line and commercial construction encroachment and granting
21 of rights of way for construction on preserved farmland in Pennsylvania.

1 **Resolution #10 – Ballot Questions**
2 **Lancaster County Pomona Grange #71**
3

4 **WHEREAS**, voter turnout in November 2017 was only 25 percent of the
5 registered voters; and

6 **WHEREAS**, there was an important amendment on the ballot dealing with the
7 residential property tax; and

8 **WHEREAS**, the wording was confusing, hard to understand, and may discourage
9 future voting. Therefore, be it
10

11 **RESOLVED**, that the Pennsylvania State Grange advocate that amendments to
12 the Pennsylvania Constitution be clearly written and,

13 **BE IT FURTHER RESOLVED**, that the Commonwealth of Pennsylvania prepare
14 an explanation of the amendment reviewed by a citizen’s task force formed for
15 this purpose only which shall include rural and urban voters reflecting an income
16 and educational cross section of the voters; and

17 **BE IT FURTHER RESOLVED**, that all state agencies include a copy of this
18 explanation in newsletters, flyers, issuance of licenses and other communications

1 **Resolution #11 — Pennsylvania State Public School Testing Window**
 2 **Hookstown Grange #1980**

3
 4 **WHEREAS**, the scheduling of the school year in the Commonwealth of
 5 Pennsylvania has been driven over the years by the PSSA or Keystone testing
 6 window established by the Pennsylvania Department of Education; and
 7 **WHEREAS**, the testing window being set in March or April has driven schools to
 8 feel great pressure to begin the school year earlier and earlier in August to provide
 9 more time for instruction before the state test; and
 10 **WHEREAS**, once the testing is completed each year, the climax of major learning
 11 for students has been reached, and therefore, the desire to learn has lessened at
 12 that point in the school year; and
 13 **WHEREAS**, the testing window may be placed later in the school year and still give
 14 time for results to be distributed to the districts prior to or very early in the new
 15 school year. Therefore, be it

16
 17 **RESOLVED**, that the Pennsylvania State Grange recommend to the
 18 Commonwealth of Pennsylvania that the Public School Testing window be
 19 scheduled no earlier than May 1 of each school year.

25
 26 **WHEREAS**, there is a movement to amend Title 75 (vehicles) of the
 27 Pennsylvania Consolidated Statutes to increase the allowable width of truck
 28 trailers from 96 inches to 102 inches; and
 29 **WHEREAS**, SB880/P.N. 1138 is currently before the Senate transportation
 30 committee to allow the width to change. Therefore, be it

31
 32 **RESOLVED**, that Berks County Pomona Grange opposes any change in width to
 33 tractor trailers in the Commonwealth of Pennsylvania due to narrow township
 34 roads and safety concerns.

1 **Resolution #13 – Start of Pennsylvania School Year**
2 **Hookstown Grange #1980**

3
4 **WHEREAS**, the scheduling of the Pennsylvania public school year, requiring a
5 certain number of days be completed by each school district, is capable of being
6 accomplished between Labor Day and mid-June each year, even with snow days
7 and holiday breaks included; and

8 **WHEREAS**, the field of agriculture is the third leading industry in the state and,
9 therefore should receive its due consideration; and

10 **WHEREAS**, the fair season in the state of Pennsylvania is primarily over by
11 Labor Day each year; and

12 **WHEREAS**, youth, such as 4-H and FFA members, must make the choice to
13 either not participate in their local fair or miss school to show their animal
14 projects at the fair; and

15 **WHEREAS**, the stifling heat of late August and early September make it difficult
16 for students to remain engaged in their lessons during the school day, compared
17 to the less dramatic temperatures of June. Therefore, be it

18
19 **RESOLVED**, the Pennsylvania State Grange propose to the Pennsylvania State
20 Legislature that they pass a bill to make a law for all schools in the
21 Commonwealth to have their first day for students be no earlier than the day
22 after Labor Day each year.

1 **Resolution #14 – Right to Repair**
 2 **Harveys-Aleppo Grange #1444, Greene County**

3
 4 **WHEREAS**, items ranging from cellphones to farm equipment come with
 5 operation manuals that are intended only for basic everyday operations; and
 6 **WHEREAS**, serious situations requiring repairs beyond everyday maintenance
 7 can require extensive and complicated procedures that should only be performed
 8 by certified specialists who have been sufficiently trained to do those repairs and
 9 updates; and

10 **WHEREAS**, manufacturers administer specialized training to certify technicians
 11 to enable them to accurately diagnose and to properly repair and restore the
 12 equipment to correct working order; and

13 **WHEREAS**, consumers who attempt to perform complicated repairs on such
 14 equipment risk permanent damage to the equipment, voiding the warranty; and
 15 most importantly risking personal injury or death; and

16 **WHEREAS**, any unauthorized alteration to equipment that disables safety
 17 switches, alters horsepower, or otherwise changes the original operation of the
 18 equipment can lead to personal injury or death; and

19 **WHEREAS**, Right-to-Repair legislation would require manufacturers to make
 20 instructions and tools available to members of the general public with no regard
 21 to a person’s training in maintenance or repair to specific equipment , or lack
 22 thereof. Therefore, be it

23
 24 **RESOLVED**, that based on the need for protection from personal injury or death,
 25 damage to equipment, and the liability of the manufacturers and equipment
 26 dealers, the Pennsylvania State Grange strongly oppose the concept of a Right-
 27 to-Repair Bill.

1 **Resolution #15 — Need for Open Primary Elections**
 2 **Harveys-Aleppo Grange #1444, Greene County**

3
 4 **WHEREAS**, a Primary Election is the vehicle by which voters nominate
 5 candidates from among persons who have declared interest in filling a position;
 6 and

7 **WHEREAS**, there are two types of Primary Elections that can accomplish this: a
 8 Closed Primary Election or an Open Primary Election. In a closed Primary
 9 Election, a voter can only vote for a candidate from the party in which they are a
 10 registered voter; while in an opened Primary Election, any registered voter can
 11 vote for any candidate in either party regardless of their registration or
 12 affiliation;

13 **WHEREAS**, the Commonwealth of Pennsylvania is one of less than a dozen
 14 states/commonwealths that operate a Closed Primary Election system to
 15 nominate candidates for political office in General Elections; and

16 **WHEREAS**, by permitting only voters who are registered voters of the
 17 Democratic or Republican Parties to vote; voters of who are not registered
 18 members of one of these two main parties are rendered voiceless in the process
 19 of selecting political candidates; and

20 **WHEREAS**, an Open Primary Election, with few exceptions, would allow any/all
 21 registered voters to vote in the Primary Election of their choice; and

22 **WHEREAS**, an Open Primary Election would increase voter participation by
 23 allowing all registered voters to vote, resulting in a more complete
 24 representation of the entire electorate regardless of their political affiliation.
 25 Therefore, be it

26
 27 **RESOLVED**, the Commonwealth of Pennsylvania replace Closed Primary
 28 Elections with Open Primary Elections, thus allowing all registered voters to
 29 exercise their right to vote in the selection of political candidates.

1 **Resolution #16 -- Loud Fireworks**
 2 **Goshen Grange #121, Chester County**

3
 4 Whereas, loud fireworks can be disturbing and stressful to individuals with PTSD,
 5 combat experience, young children, older adults, individuals with special needs,
 6 and all types of animals (birds, wildlife, livestock and pets); and
 7

8 Whereas, loud fireworks can lead to hearing loss with 120 decibels recognized as
 9 the pain threshold for loud, sharp sounds and fireworks being typically above 150
 10 decibels; and
 11

12 Whereas, Pennsylvania passed House Bill 542 on October 30, 2017, expanding
 13 the type and size of fireworks available for purchase by adults residing in
 14 Pennsylvania which has resulted in many more fireworks being set off in small
 15 towns and neighborhoods on random nights and times; and
 16

17 Whereas, the technology to produce quieter fireworks exists and is routinely used
 18 in larger fireworks displays along with the larger rocket explosions, and other
 19 technology also exists for alternatives to fireworks such as drone displays or
 20 laser shows. Therefore, be it
 21

22 **Resolved** that the Pennsylvania State Grange support passage of legislation to
 23 encourage the use of quiet alternative light shows (drones or lasers) and to
 24 restrict the open sales of fireworks to only quiet fireworks, and Therefore, be it
 25 further

26 **Resolved** that the Pennsylvania State Grange support passage of legislation to
 27 restrict the use of louder fireworks to a minimal number of large celebrations
 28 each year and also widely advertise the use of louder fireworks so that affected
 29 individuals can prepare/plan accordingly.

1 **Resolution #17 – Daytime Running Lights**
2 **Goshen Grange #121, Chester County**

3
4 **Whereas** Pennsylvania Vehicle Code Law 4302 requires a vehicle’s headlights to
5 be on while the windshield wipers are on; and

6 **Whereas** some auto manufacturers produce vehicles with headlights on all the
7 time (daytime running lights) but not all auto manufacturers produce vehicles
8 with taillights on all the time, causing confusion among the drivers when they
9 switch to a different vehicle and also causing potentially dangerous conditions
10 when driving in poor weather. Therefore, be it

11
12 **Resolved** that the Pennsylvania State Grange lobby for auto manufacturers to
13 be required to produce or program all new vehicles with daytime running lights
14 that would include both headlights and taillights.

19 **Goshen Grange #121, Chester County**

20
21 **Whereas**, many states surrounding Pennsylvania (New Jersey, Delaware,
22 Maryland, New York and Connecticut) have passed laws banning the use of
23 handheld cell phones while driving; and

24 **Whereas**, the current Pennsylvania distracted driving law (Title 75, para 3316)
25 only prohibits the use of an “interactive wireless communications device to send,
26 read or write a text-based communication” while driving; and

27 **Whereas**, the most recent bill, House Bill 1684 introduced in 2017, requiring the
28 use of hands-free accessories to make phone calls while driving, has again
29 stalled in the Pennsylvania House of Representatives. Therefore, be it

30
31 **Resolved**, that the Pennsylvania State Grange support passage of a more
32 comprehensive distracted driving law that includes restrictions on handheld
33 devices and that makes the use of a handheld device while driving a primary

 24 sent to prison but still gets his nearly quarter-million-dollar-a-year pension
 25 restored; and

26 **WHEREAS**, the state Employees Retirement System made the decision to
 27 restore pension; and

28 **WHEREAS**, this sets a dangerous precedent that will open the door for other
 29 Legislators convicted of crimes to request having pensions restored. Therefore,
 30 be it

3
 4 **WHEREAS**, there are literally millions of commercial drones and drones owned
 5 by private citizens flying today; and

6 **WHEREAS**, when drones fly over public events, there is a safety risk to
 7 attendees should a drone fall, a public safety hazard, for example with wires, or

1 **Resolution #23 – Pensions**
 2 **Pennsylvania State Grange Executive Committee (Adopted 03/20/2018)**
 3

4 **WHEREAS**, there is documentation that 2.1 million Pennsylvanians do not have
 5 access to a pension plan, most recently by a study by Philadelphia-based
 6 consultant firm Econsult on January 25, 2018 which said that insufficient
 7 retirement planning could result in \$14.3 billion dollars of state money spent on
 8 entitlement programs such as Medicaid for those who did not have a retirement
 9 plan; and

10 **WHEREAS**, the Treasurer of the Commonwealth of Pennsylvania suggested that
 11 a state-run pension plan be established where small employers would be
 12 required to participate and employees would be automatically enrolled unless
 13 they proactively opted out; and

14 **WHEREAS**, although the goal is commendable, that proposed solution does not
 15 recognize added administrative costs for small businesses; and

16 **WHEREAS**, such a plan would erode employees’ self-reliance in planning for
 17 retirement and puts the government with private sector insurance agents and
 18 brokers who seek to help businesses to establish pension plans. Therefore, be it
 19

20 **RESOLVED**, that the Pennsylvania State Grange oppose the creation of a state-
 21 run pension plan; and be it further

22 **RESOLVED**, that Pennsylvania State Government devote more resources to
 23 educate citizens about the need to prepare for financial self-sufficiency after
 24 retirement and to educate them as to the private sectors that might be available.
 25

1 **Resolution #30 – Length of State Grange Session**
 2 **Butler County Pomona Grange #17**

3
 4 Research information from past sessions.

- 5 • 2004 – Friday to Tuesday with Session starting on Saturday at 1 pm and closing
- 6 on Monday after all the work was completed.
- 7 • 2007 – Friday to Monday with session starting on Saturday 1:00 pm and closing
- 8 on Monday after all the work was completed.
- 9 • 2010; 2011 and 2012 – Friday to Monday with session starting on Saturday at
- 10 10:00 am and closing on Monday after all the work was completed.
- 11 • 2013; 2014 and 2015 – Friday to Monday with session starting at 9:00 and
- 12 closing on Monday after all the work was completed.
- 13 • 2016; 2017 and now 2018 – Thursday to Monday with session starting at 9:00
- 14 Friday. The only things we could do on Sunday was Church, sign-a-song; public
- 15 speaking and the banquet, as we are not permitted to conduct business on
- 16 Sunday because of our by-laws.
- 17 • In the early years of State Grange Session was met for 4 days or more, there was
- 18 time to offer more things to members. i.e. tours of the local area, speakers who
- 19 presented programs that were of interest to members; companies who offered
- 20 member benefits to explain what they were offering and how they could help
- 21 membership.
- 22 • We have lost a lot of the benefits and the personal touch that our members used
- 23 to get as we continue to shorten the State Grange Session.

24
 25 **WHEREAS**, by shortening the State Grange Session over the years as we have,
 26 we have drastically cut the time any of our member benefit companies have to
 27 interact with our members showing them the value of being a member; and

28 **WHEREAS**, by shortening the State Grange Session our members do not have
 29 time to interact with other members from throughout the State and view all
 30 exhibits created by our members and discuss with all department committees to
 31 learn new ideas and ways on how to involve all members; and

32 **WHEREAS**, by shortening the State Grange Session our President/Master, our
 33 Membership Director and our Legislative Consultant does not have the time to
 34 put on workshops that will bring our members up to date on events that are
 35 happening in the State thus effecting our members; and

36 **WHEREAS**, by taking back the one day we lost at State Grange Session would
 37 not only prove to be a valuable asset to our Session but also to help give our
 38 existing members the tools and resources to grow our membership. Therefore,
 39 be it

40
 41 **RESOLVED**, that the Pennsylvania State Grange Session be extended by one
 42 more day at the earliest possible date; and be it further

43 **RESOLVED**, that the Pennsylvania State Grange President/Master and Executive
 44 Committee be charged with making the change as soon as possible.
