

Merry Christmas and Happy New Year from the Pennsylvania State Grange office. If you read my article in the Nov/Dec issue of the Pennsylvania Grange News you already know about one event in Debbie and my life that had a lasting effect on us. This is a time of giving, not only to our family and friends, but to those less fortunate around us. God gave his only Son for us. What can we give back? Last year the National Grange coined the phrase "We are Do-ers", this year the new phrase is "It's the Grange way". These should be our mottos every day. As we celebrate the Christmas season, let's all be Do-ers and do it the Grange way. Let's be generous throughout our communities and let our light shine bright. May God Bless each and every one of you!!
