GRANGE TO TESTIFY ON BROADBAND

Lemoyne, PA... The Pennsylvania State Grange will be among those testifying at a joint hearing of the House and Senate Agriculture & Rural Affairs Committees on Wednesday August 15, 2018 at Penn State's AG Progress Days.

Testimony of Pennsylvania State Grange President Wayne Campbell will focus on the need for rural PA to have universal access to Internet and cell phone service. In various presentations, Campbell has described the status quo as causing major hardship to farmers, rural businesses, rural school students, rural development, and those who have difficulty in receiving health care.

Broadband access is the number one legislative priority of the Pennsylvania State Grange.
