Grange Gives Support to Three Local Fire Companies

Three local volunteer fire companies – Montgomery, Clinton Township and Washington Township – have each received a \$500 grant from Eagle Grange #1, Montgomery. The donations represent one of the Grange's community service projects for the year and were presented during a program earlier this month.

Lycoming County Commissioners Tony R. Mussare and Scott L. Metzger attended the meeting, adding their thanks for the extraordinary contributions given to the community by these volunteer emergency services.

Standing by of a piece of fire equipment parked in front of the Grange Hall, participants in a recent program at Eagle Grange #1, Montgomery, were (left to right): Clinton Twp. Fire President Cory Bierly; Lycoming County Director of Public Safety Jeffrey Hutchins, who spoke on emergency services; Washington Twp. Fire Assistant Chief Katie Ulrich and Chief Brett Ulrich; Clinton Twp. Fire Chief Todd Winder and Grange vice president Fred Murray. See more pictures of this event inside!

Fire Companies Honored @ August Meeting

Checks for \$500 each and a framed certificate of appreciation from Eagle Grange #1 was presented by Grange officers Fred Murray and Karen Williamson to Clinton Twp. Fire Co. (above) and Washington Twp. Fire Co. (below). The Montgomery Fire Co. did not attend this event but Grange president David Troutman made their presentation at a company meeting a few days later.

County Officials Visit/Speak at Eagle Grange

Three Lycoming County officials helped the Grange recognize local fire companies for the tremendous efforts given selflessly to keep the community safe. County Commissioners Tony R. Mussare (top left) and Scott L. Metzger (bottom left) both commended the fire volunteers for providing a service that the county and local municipalities could not afford with paid staff.

(August 4, 2020) The evening's main speaker was Jeffrey Hutchins, County Director of Public Safety and a long-time fire volunteer (above). He enlightened the audience about the significant training requirements for fire volunteers, the rising cost of equipment and the increasing shortage of volunteers.
