May 11, 2020

Fellow Brothers and Sisters,

It is with great sadness that I announce that the Youth and Junior Camps and our Family Festival event for 2020 have been cancelled. It is very disheartening that these events which helps our Youth and Juniors develop lifelong friendships and further their leadership abilities will not occur this year. Family Festival is an event that brings Grangers from all corners of the State for fun, fellowship, workshops, tours, and community service projects, and lots of good Grange food, together for a camping weekend. To know that this will not happen for 2020 just breaks my heart.

These decisions were not made lightly, but after much research and thought were given into what life in Pa may be like in a few months. Our major concern and priority is the health and safety of not only those who would attend these events, but the lives of those whom they return home to.

Please continue to watch for additional information both in email blasts and on Facebook. The Youth, Juniors, Lecturer, Family Activities, Deaf Activities are all working to provide ways we can still make connections with other Grangers and make a difference in our communities. Some ideas about virtual events are being discussed, so please be watching. I'm always saying we need to try new things, so now that philosophy is more important than ever.

Fraternally,

Wayne D. Campbell President

Pennsylvania State Grange

The Pennsylvania State Grange supports the local Granges to promote family involvement, help members grow as individuals, unify their communities, and create opportunity through legislation and service.
