

Myths Debunked

Isn't the Grange just a bunch of old farmers sitting around on hay bales swapping tractor stories?

That's a colorful image, but it's certainly not accurate! While it's true that the Eagle Grange started as a farmers' group back in 1871, it has evolved from a purely agricultural organization into a focal point for community events of all kinds. The membership is now made up of local residents from all walks of life and the main focus is community service.

Isn't the Grange one of those "secret societies"?

It used to be, but Eagle Grange has changed with the times. No

secret password or handshakes are used in our Grange. Meetings are open to the public and all are welcome. An open Bible and the American flag are a part of every meeting.

Aren't Grange meetings long and boring?

No way! Monthly meetings take many different forms but none last longer than 2 hours. Some meetings consist of a fellowship dinner followed by a program or some special event like presenting the annual *Community Citizen Award*. Other meetings include a short business session, a program, refreshments and perhaps the reception of new members.
