About the Pennsylvania State Grange Heritage Trail.

Quilting is a strong part of our heritage in Pennsylvania. The Grange realized this and wanted to do something to highlight this part of our heritage, and help Granges and Organizations become more visible in their communities. The trail started in 2009, to date we have over 160 blocks on display on Grange halls, fairgrounds and community buildings across PA.

Mission Statement.

The mission of the Pennsylvania Grange Heritage Quilt Trail is to celebrate and promote the culture, heritage and viability in the Pennsylvania State Grange by placing quilt blocks on Grange Halls and other suitable buildings throughout the Commonwealth.

The Pennsylvania State Grange Heritage Quilt Trail committee hopes that the trail expansion at the Farm Show complex brings you joy as you take a look at Pennsylvania's heritage through quilting.
